

Dear Woody and Steina,

Thank you again for the time you spent with me and your words of encouragement.

Thank you for urging me to take that trip.

I saw things ~~I~~ never dreamed existed.

I fell in love with southern Utah, I will never forget the colors and the quality of light.

I am back in Tidewater, Va. Now, gathering facilities and equipment so that I can work on some of the problems we have discussed this summer (and a few more that have cropped up)

Sincerely,  
Susan (the kid from Taos)
