Dear Woody and Steina:

Enclosed is the catalogue of the Museum of Contemporary Art's exhibition in Caracas plus some publicity. As you may know through Arts Intermix, your tape, Home, was part of that exhibition and was acquired as a lifelong rental for the permanent collection of the Museum. At this point they are talking about a small experimental television laboratory and I have suggested various artists including yourselves for a series of workshops in the eventual case that takes place. We somehow don't get to see enough of each other but that is a contemporary malaise. Lots of rushy work right now. In fact I'm taking off for another week in Venezuela to start production on a film there. Most of our present hecticness is due to Bicentennial projects here.

Hope we do get to see something of each other soon.

Love,

Dear Woody,

As per our conversation two days ago, will be in touch when I return on the 16th late or sometime on the 17th. And in the meantime you will send me a video cassette format tape of your and Steina's recent work for showing at a presentation on the 18th for a Trustees' committee at the Museum of Modern Art. Thanks for your help and I look forward to seeing your work on the 19th. Love to all our freinds there.

Gerd
