OPEN SCREENING

The Video Show is presented as a co-operative effort on the part of the Boston Museum School , the Harvard School of Public Health and Massachusetts College of Art.

Open screenings will be held on the evenings of March 22 and April 26. These two dates present an opportunity for local artists working in video to show new and/or experimental works and to receive feedback from other artists. Tapes may be in either one half or three quarter inch format and should be no longer than ten minutes in length. Auditions are not necessary but time must be reserved in advance. For reservations or more information contact Lisa Coen or Laurie Graham at 731-2340 extension 21.

All screenings are free and open to the public. However, contributions are always welcome and will go towards the cost of running the show.

Thank-you,
The Video Show Staff
