VIDICONN

CONNECTICUT'S VIDEO NEWSLETTER

Plans for Vidiconn, the newsletter, grew out of discussions held at Vidiconn, the Statewide Video Conference (sponsored by MonteVideo and the Connecticut Commission on the Arts and held October 20, 1979 at Trinity College and CPTV in Hartford). The first issue appeared in January, 1980 and today, the circulation of Vidiconn has grown to more than 2,000. Vidiconn focuses on cable issues and legislation in the state; video art and video installations; new video equipment developments; solutions to common technical video problems; keeping video producers informed of current outlets for the screening, airing and cablecasting of their tapes as well as providing a calendar of events listing workshops, seminars, conferences, conventions, and festivals. Yearly subscriptions: Individual \$5.00, Institutional \$10.00. Contact MonteVideo for information 525-0865.
