Santa Fe, New Mexico 87501

Dear Steina and Woody,

Gerry was kind enough to ask you whether or not it might be possible for you to spend a period of time here as artists/teachers-in-residence, and you were kind enough to consider the possibility. In the meantime there was a change of marching orders here and the available money was spent on another project. The money should be available again in the future, however, and when it does I will contact you again to see if there is any way that we can persuade you to leave beautiful Santa Fe for beautiful Vermont.

In the meantime, I wish you all the very best.

Ted Perry
