Dear Steina and Woody,

I'm planning a video show at Powerhouse Gallery in Montreal for April 4th to 10th. The show will primarily be a selection of tapes from Video Inn. I'd like to include a variety of video styles and content from social issues to conceptual art to dance, etc. The tapes will be by or about or including women.

I'd like to include Let It Be and Pulsating ~~Super~~^{Super} if that's O.K. with you. There isn't any money involved so unfortunately I can't offer you any. If you'd like the tapes to be shown is there anything you'd like me to say about them - how you feel about them, how they were made, etc. etc. Please let me know as soon as possible so I can complete the poster. Thanks a lot. Also if you have any new tapes that you'd like to put in Video Inn or the show let me know, O.K?

Barbara.
