

## ROME, ITALY

1981: VR VIDEO ROMA

A video festival organized by ALESSANDRO SILI. The sponsors bowed out leaving Mr Sili holding the bag. We never knew what happened to our payment. Many years later, Mr. Sili introduced himself to us and handed us three one hundred dollar crisp bills. We protested that this amount was larger than what was owed us, but Mr. Sili would not have it any other way. By the time he died, a few years later, he had hunted down all participants and paid them.

1986: Univerita "La Sapienza"

Marco Maria Gargano arranged for us to be invited along with Peter Weibel and Gene Youngblood to his Alma Mater, under the guidance of his professor Guido Aristarco

1991 International Center di Brera

Woody and Gene attended this one, which were extended to Pisa and Milano as well. Woody gave a lecture nobody understood except his translator, who was thrilled

1993-95

1994: Exposition Palace

Many years in planning and plotting with no funds raised, it happened! In spite of all nightmares before, during and after, it was a nice show - nice catalog.
