Re: Loan forms

Please sign the enclosed forms and return immediately so that I may send them to each of the exhibition lenders. You already have the descriptions and values in hand so you know what the total insurance liability is. Please let me know if you have any further questions. We will ask each lender to return their signed yellow copy to us and we will deliver them to ARS ELECTRONICA.

Thank you,

ARS ELECTRONICA (AE) will give property left in its custody the same care provided to similar property of its own. AE will verify accuracy of condition notes as provided by the Vasulkas on video tape, AE will assess the condition of the property when it is shipped from Iowa City and this will constitute the condition of the property at the time of the loan. AE will give prompt notice to the lender in case of loss to the property at the time of receipt or while in the custody of AE.

TRANSPORTATION AND PACKING

AE certifies that the property lent will be packed safely for return and that the cost of transportation will be borne by them. Customs regulations will be adhered to by AE and AE is responsible for import/export requirements.

The loaned property will remain in the possession of AE for the time specified. Acceptance of this does not imply that the loan property will be placed on public display. The exhibition period does not necessarily coincide in full with the loan period indicated in the Agreement.

INSURANCE

AE will insure the loaned property from May 11th, 1992 (while in transit and during the period of the loan at the exhibition location) for the amount specified by the lender against all risks of physical loss or damage from any external causes except the usual standard exclusions such as wear and tear, gradual deterioration, insects, vermin, inherent vice or damage sustained due to/or resulting from the repair or restoration process, and all extremes conditions such as rebellion or war.

PUBLICITY & PHOTOGRAPHY

Unless otherwise notified in writing by the lender, AE shall have the right to photograph, telecast and reproduce loan property and pertinent documents and photographs for education, catalogue and publicity purposes.

Dear Steina,

Help! I have been asked by lenders to the exhibition about loan agreements. As you know, I have been requesting loan procedures from ARS ELECTRONICA from almost the first day. They have never even acknowledged my inquiry, much less responded to my concerns. However, we have reached a critical point. If there are no loan agreements between ARS ELECTRONICA and the lenders, and the lenders have only dealt with Vasulkas Inc., it would be logical that the lenders will hold the Vasulkas, Inc. totally responsible for their equipment and its presentation. Is this an acceptable legal burden for Vasulkas, Inc. - What do you think? Apparently ARS ELECTRONICA feels that they have satisfied their commitment by writing the brief letter that states their intention to insure and return the equipment to the lenders. Attached to our contract was a list of the "General Conditions," but they are written for the festival events at Brucknerhaus and for the most part are not pertinent to the "Pioneers" exhibition. I'm enclosing a sample loan form that I have assembled, but it must be sent to the lenders by ARS ELECTRONICA, not us.

I do not know how to respond to the lenders any more, as we can no longer put off their request for loan forms.

Please discuss this with the appropriate person and let us know the name of that person, very soon.

Woody will talk to you tomorrow about the catalogue. Please get me the name of the person working on the catalogue. We need to make a few essential changes in the text and I want to target the right person. Thanks...
