Listener-supported
Pacifica Radio
In New York
359 East 82nd Street
New York, N.Y. 10021
(212) 826-0880

Hello.

WBAI, listener-sponsored radio, wants to make the people of New York more aware of the possibilities of 1/2" video as a communications medium. A WBAI Video Benefit will be held at Automation House, 49 East 68th Street, New York, the weekend of March 16 - 18. Any money contributed will go to WBAI to continue support of its programming. This is not a request for money, however, but for software.... Throughout the three days we will be showing what we hope will be a representative sample of the ways in which video is now being used. We need your help. If you, or your group, wish to participate in the Video Benefit, please send or deliver your tapes (no more than one hour) to Lynda Rodolitz, 69 West 9th Street, NYC 10011, no later than Friday, February 23rd. Tapes will be returned by WBAI promptly at the conclusion of the event. If you have any questions please contact us by phone at GR5-8507 or 826-0880.

Please make sure that all tapes are labeled with title, technical information and return address. Also, we would appreciate it if you would include a brief synopsis of every tape you send.

We look forward to your participation and hope to see you at the event,

Lynda Rodolitz *David Sasser*
Lynda Rodolitz & David Sasser.

Note: If you will need any equipment other than standard EIAJ 1/2" or IVC 1" and single monitor display, please call us immediately.

We would appreciate your feedback about any other tapes you know of that you think should be shown.
