Dear Steina,

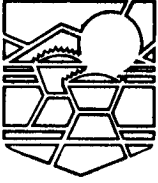

Thank you so much for making it possible to show "Vocalizations" in conjunction with this year's New Music and Art Festival. It was a very lively and exciting work, generating a great deal of positive response from our audience. I'm also grateful for your help in sorting through the technical difficulties; everything worked out quite well in the end!

In addition to your tapes, I have enclosed the tape of the installation itself, as well as copies of publicity materials. Again, thank you, and best wishes.

Sincerely,

A handwritten signature in cursive script, reading "Jacqueline S. Nathan".

Dear Steina,

This is to confirm the conversation that I had yesterday with Woody regarding the installation, "Vocalizations," which will be shown in the 11th Annual New Music and Art Festival Exhibition at Bowling Green State University School of Art Gallery from September 17 of this year. I hope the attached contract will clarify our understanding, and I apologise for any confusion.

I am still negotiating for 9 monitors rather than 6, and hope to have them within the next couple of days. Because I had to work on the exhibition which opened yesterday, I'm afraid I did not pursue the equipment as vigorously as I am able to do now. I have talked to a local video artist, who will be speaking at the Festival, Roger Greive, and he has agreed to lend me his decks for the show (sony 2000 series).

Please sign the attached contract and return it to me before you leave, and have a wonderful trip. We're really looking forward to exhibiting your work.

Sincerely,

Jacqueline S. Nathan
