Dear Steina,

Having recovered somewhat from the Symposium I thought I'd write and say thanks. I was really great having you at U.N.M.. I only hope Joe will get it together so that the students can see the actual work in the Jonson Gallery. You really fired up a few of our graduate students. The video program here is such a fledgling it was great for them to have you visit and share your work.

Anyway, thanks again for coming to U.N.M.. I hope you enjoyed it as much as I did.

Sincerely,

Bill Gilbert
