Dear Sy

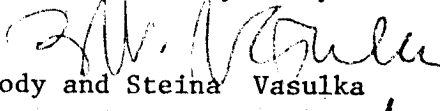

Here is the check for \$3500 to cover the rent of the Kitchen from July 1 to December 31 1972. We agree to let you raise additional revenue from renting out the Kitchen through July, August to September 15, when we officially open the full sesone. Our activities during that time will be coordinate with your needs. After September 15 we will take full charge of the space and all you interests will be negotiated through us.

Since we leave for California in mid July, we will be represented by Shridhar Bapat, a major participant of our grant. In a matter of grave importance, please, contact Mr. Howard Wise, president of Electronic Arts Intermix Inc., 2 West 13th Street, Rm. 1011, New York, N.Y. 10011, or us at the West Coast address, which we will give you before our departure.

As you have noticed, the check is cashable only after July 10th, a fact, we would like apologize for. The delay is due to money transactions.

We hope everything in this letter is in agreement with what we have discussed, please confirm the letter or else let us know.

Yours very truly

Woody and Steina Vasulka
